

# Skillet, Those Nights

I remember when  
We used to laugh  
About nothing at all  
It was better than going mad  
From trying to solve all the problems we're going through  
Forget 'em all  
Cause on those nights we would stand and never fall  
Together we faced it all  
Remember when we'd

[Chorus:]

Stay up late and we'd talk all night  
In a dark room lit by the tv light  
Through all the hard times in my life  
Those nights kept me alive

We'd listen to the radio play all night  
Didn't want to go home to another fight  
Through all the hard times in my life  
Those nights kept me alive

I remember when  
We used to drive  
Anywhere but her  
As long as we'd forget our lives  
We were so young and confused that we didn't know  
To laugh or cry  
Those nights were ours  
They will live and never die  
Together we'd stand forever  
Remember when we'd

[Bridge:]

Those nights belong to us  
There's nothing wrong with us

I remember when  
We used to laugh  
And now I wish those nights would last
