

Skin, Getting Away With It

Ive been walking in the rain
Just to get wet on purpose
Ive forcing myself
Not to forget that i feel worse
Ive been getting away with it
All my life
Getting away with it
All my life

However i look its clear to see
I love you more than
You love me

I hate that mirror
It makes me feel so worthless
Im an original sinner
But when im with you
I couldt care less

Ive been getting away with it
All my life
Getting away with it
All my life
