

# Skin, Till Morning

Take these sore eyes  
I've no use for them  
Now I feel there's  
Nothing left to see

Take your moment  
It's not important  
It's destined for my  
Fading memory

Ma baby

Till then sleep so completely  
So discreetly  
In my arms  
Till then lie  
So convincingly  
And I'll stay here  
Till the morning comes

Take your satisfaction  
If it makes it worth it  
And take your little tricks  
When you leave

Oeh...

Ma baby

Till then sleep so completely  
So discreetly  
In my arms  
Till then lie  
So convincingly  
And I'll stay here  
Till the morning comes
