

Skinlab, Jesus Cells

Nothing will ever change my ways
I'm living on something that's better than Jesus...what gives?
Nothing will ever change the way
I'm trippen on something that's better than Jesus...What gives?
Now I'm leaving and my faith has turned to Blood
Now I'm leaving and my faith has turned to dust
Now I'm loosing faith
Now I'm loosing strenght
Now i'm loosing strenght
Now I'm loosing faith and blud
Nothing will ever change
Always seems to fall
Always seems to fall away
Nothing will ever change
