

Skold Vs. KMFDm, A Common Enemy

Unite - exponentially increase, spread like a disease
accumulate and agitate

Unite - conquer and divide, the future is on your side
multiply or die

A common enemy - makes the best of friends
Somehow the means - justify the End

Combine - put your differences aside, a union bona fide
two as one, twice as strong

Combine - defined by the bond, the objectives correspond
the goal is mutual

A common enemy - makes the best of friends
Somehow the means - justify the End
Common decency - is not so common at all
Somehow the deals - justify the calls

Connect - the leaders call for change but the struggle stays the same
Unity for Liberty

Connect - on the backs of the poor, a Reign of a thousand Wars
Apathy means slavery
