

# Skrape, I Can't Breathe

I cant breathe, when you suffocate me  
Theres no thoughts, you just suffocate  
Such twisted reasons, not so clear anymore  
Give what we give, and then were screaming no more

Maybe, I cant stop calling, Im so true  
And you've been doubting me all along  
Maybe, I'll turn the shoulder, you'll know  
Then you wont doubt me cold anymore

I cant think, when you complicate me  
Theres no sound, you just complicate  
Your self-expression makes this feel like before  
Give what we give, and then were screaming no more

Maybe, I cant stop calling, Im so true  
And you've been doubting me all along  
Maybe, I'll turn the shoulder, you'll know  
Then you wont doubt me cold anymore

I have been suffocating

Maybe, I cant stop calling, Im so true  
And you've been doubting me all along  
Maybe, I'll turn the shoulder, you'll know  
Then you wont doubt me cold anymore

Maybe, Someday

I cant breathe  
I cant breathe  
I cant breathe  
I cant breathe  
When you suffocate me
