

Skrewdriver, House Of Treason

I'm just a politician, I do it all for you
I always answer truthfully, honestly I do
Even if you did not vote, I 'll do my very best
I'm here to get this country, out of such a mess

(chorus)

Na, nanna, na, elect me to the House of Treason
Na, nanna, na, you can kiss good-bye to freedom
Na, nanna, na, elect me to the House of Treason
Na, nanna, na, you can kiss good-bye to freedom

I'll be standing over you, keeping you safe while you're in your bed
Can't you see my honesty, as I kiss your babies heads?
I'll give you promises, I'll promise luxury
I'll promise you all everything, if you just vote for me, now

(chorus)

spoken:

I do declare in my position as a politician to lie, steal and rob you blind. Give money and property to
