

# Skrewdriver, One Fine Day

Daily papers, black headlines, won't you tell us all the news?  
Young girl raped and an old one mugged, and the police look for clues  
Soldiers killed in County Down  
A lord is killed at terrorists' hands

Chorus:  
One fine day  
More bad news is on the way  
One fine day  
One fine day.

Soccer season starts again, we're gonna hit the violent trail  
People hurt as violence flares, it's politics again  
A caravan is someone's tomb  
They're killed in their sleep by poison fumes

(Repeat Chorus)

solo

(Repeat Chorus)

Moroccans lose a hundred men in a terrorist attack  
They're gonna promise everyone, to make sure they hit back  
Drugs are found by cops in Spain  
And hundreds are killed in floods and rain

(Repeat Chorus)
