

# SKRILLEX, Pepper (feat. Flowdan, Lil Baby)

Take a walk with the full moon  
We're all button and zipped up  
It's all kickin' off soon  
Let's stay real quick bruv  
I don't know about your goons  
'Round here, everything lift up  
Whether it's draw, win, or lose  
None of my friend dem give up

Let's do it  
Ain't come here to talk it out, let's get into it  
Froze up, now he froze to death  
He should've blew it  
Told you you can't fuck with us, you shoulda knew it, yeah  
We gon' do the most, yes  
Foot all on them throats, yes  
Oh, you wanna ghost a bitch?  
Made it out alive I'm blessed  
Leave one of the guys and 'em  
We was taught to die together  
Get put down, whatever  
We gon' ride forever (Ride forever)

La-di-da-di, we came to start it  
Bring the paper for the pressure, wrap 'em up like origami, yo  
La-di-da-di, we came to start it  
It's pepper if they ever want a problem in this party, yo

La-di-da-da-di, la-di-da-di  
La-di, la-di-di  
Yo  
La-di-da-da-di, la-di-da-di  
La-di, la-di-di  
(Let's do it)  
La-di-da-da-di, la-di-da-di  
La-di, la-di-di  
Yo  
La-di-da-da-di, la-di-da-di  
La-di, la-di-di

Headshot in the middle of the battlefield  
Don't mind goin' out like that  
Makin' SWAT men out here gunning  
Black bandana got no white flags  
But I'm devilish, I walk with a trident  
Criminals move in silence  
Champion team full of migrants  
Makin' me fly like pilots

They doin', he say, I run mine  
In the sign, everytime on the front line  
I ain't goin' outside not one time  
Boy better not cause that gun line  
Head up, it's on, no high-five  
Straight to it, no talkin', that's my kind  
You handle that there, let him drive  
When it come to this stuff, I'm top five

La-di-da-di, we came to start it  
Bring the paper for the pressure, wrap 'em up like origami, yo  
La-di-da-di, we came to start it  
It's pepper if they ever want a problem in this party

La-di-da-da-di, la-di-da-di

La-di, la-di-di  
Yo  
La-di-da-da-di, la-di-da-di  
La-di, la-di-di  
(Let's do it)  
La-di-da-da-di, la-di-da-di  
La-di, la-di-di  
Yo  
La-di-da-da-di, la-di-da-di  
La-di, la-di-di  
(Let's do it)
