

# Skunk Anansie, The Pill's Too Painful

Give things gone cold  
Still five years old  
Drowning in justify now  
You've broke the mold

Sucked into hover  
Left out in hell  
This crawler defies me  
Survive by the smell

Who are you too say  
You've no longer mine  
This pill's too painful, higher  
Swallow too hard, too hard

Brown sugar boy  
She's tall in the neck

She's smiling so confident with him  
Already dead

Who are you too say  
You've no longer mine  
This pill's too painful, higher  
Swallow too hard, too hard

Swallow too hard (x4)

Who are you too say  
You've no longer mine  
This pill's too painful, higher  
Swallow too hard, too hard

Swallow too hard
