

Sky Ferreira, Lost In My Bedroom

You're crystal clear
Facing the light
Don't disagree
It's just what I imagined

So happy here
Everything's fine
It's crystal clear
It's just what I imagined

Lost in my bed
And I'm lost in my head
And I'm lost in my bedroom again
It's just what I imagined
Lost in my bedroom
It's just what I imagined

It's just what I imagined
Lost in my bedroom
It's just what I imagined

Lost in my bed
And I'm lost in my head
And I'm lost in my bedroom again
It's just what I imagined
Lost in my bedroom
It's just what I imagined

It's just what I imagined
Lost in my bedroom
It's just what I imagined

Silent in the stage
Everything's fine
Inside my brain
It's just what I imagined

Something's not right
Shadows of fear
I close my eyes
It's just what I imagined

Lost in my bed
And I'm lost in my head
And I'm lost in my bedroom again
It's just what I imagined
Lost in my bedroom
It's just what I imagined

It's just what I imagined
Lost in my bedroom
It's just what I imagined

Lost in my bed
And I'm lost in my head
And I'm lost in my bedroom again
It's just what I imagined
Lost in my bedroom
It's just what I imagined

It's just what I imagined
Lost in my bedroom
It's just what I imagined

It's just what I imagined
Lost in my bedroom
It's just what I imagined
