

# Skye, Powerful

Then we both went home  
On separate trains  
When the heart had gone out of it

But I'm gonna cry, I wanna laugh again  
I'm not gonna try when it isn't happening  
I'll just let it go

Can you feel me now, powerful  
Do you hear me now  
Every things possible  
Wonderful, feel like I'm beautiful

When we both look back  
We don't see the same  
I don't need to deal with that hurt again

Cause I'm ready to fly  
I've gotta spread my wings  
I don't wanna die without living  
Just let me go

Can you feel me now, powerful  
Do you hear me now  
Every things possible  
Wonderful, I feel like I'm beautiful

You told me that I could never love  
With out you  
I didn't argue with the fact  
I guess I was happy with that  
At the time

Can you feel me now, powerful  
Do you hear me now, any things possible  
Wonderful, feel like I'm beautiful  
Natural, lyrical, no longer cynical

Then we both went home...
