

# Skylark, I Can't Find Love Tonight

(Musica e testi: Eddy Antonini)

(The guardian angel:)

Tonight I wanna be so kind, behind the saddest steps of love.  
Tonight there's no love around, but the answers will come.  
Tonight I get a malice wild, inside the ancient wing of love.  
Tonight the space will meet our life until the answers will come.

(Chorus)

I wanna lay my spirit dying, I wanna infiltrate my soul (it's a part of me).  
There's no way to take the time 'cause I can't find some love tonight.

(Repeat chorus)

But I can't find some love.
