

SkyMarshall Arts, Forever Gamer

Niiiiintendo ... wohoooo!

I remember a time that I was sitting alone.
And playing my Amiga at home.
Gaming Maniac Mansion and Lotus Turbo,
and U.F.O Enemy Unknown.
Sitting on my ass - doing nothing at all.
But managing in Ports of Call.
No chance in hell I would ever ever get bored of;
killing NVA in Dogs of War.

Yeah, I'm a gamer forever.
I'm gaming whatever.
Together with my lads 'til I die.
I'm gaming forever.
I'm gaming whatever.
Together with my ladies 'til I die.

Yeah, I'm a gamer forever.
I'm gaming whatever.
Together with my lads 'til die.
A gamer forever,
I'm gaming whatever.
Together with my friends 'til I die.
Yeah, I'm a gamer forever.
I'm gaming whatever.
Together with my lads 'til I die.
I'm gaming forever.
I'm gaming whatever.
Together with my ladies 'til I die.

I'm gaming whatever.
Together with my lads 'til die.)
