

# SI27, Look At Me Now

I've looked around  
tried to find my soul mate  
When I saw you  
i knew you were the one

chorus:  
But my dream was killed  
When you took your mask away baby  
every single day with you  
was a lie

so we broke up  
and my life was empty again  
i still loved you  
but you didn't care

chorus:  
(...)

i went to LA  
Trying to forget my pain  
everything went ok  
and now...

Bridge:  
Let me tell you  
Look at me now  
i'm a new person  
no longer your dog but...  
other woman's man!
