

Slade, Fool's Go Crazy

You break windows when you get mad
You go nowhere with Jack the Lad
You give Verbal to your old man
Actin' like a clown, don't you let me down

You go runnin' when it's your round
You ain't funny, a clown's a clown
An' you won't kick me, no, when I'm down
Actin' like a clown, don't you let me down

(Fools go crazy) I know that I
(I will, maybe) An' I don't know why
(Fools go crazy) Actin' like a clown
Don't you let me down

Your face don't fit, you're outta place
We're all washed-up in the Rat Race
You're all spaced-out, you're outta space
Actin' like a clown, don't you let me down

(Fools go crazy) I know that I
(I will, maybe) An' I don't know why
(Fools go crazy) Actin' like a clown
Don't you let me down

I know that I An' I don't know why

You break windows when you get mad
You give earache when things go bad
Don't give heartache to your old man
Actin' like a clown, don't you let me down

(Fools go crazy) I know that I
(I will, maybe) An' I don't know why
(Fools go crazy) Actin' like a clown
Don't you let me down

(Fools go crazy) I know that I
(I will, maybe) An' I don't know why
(Fools go crazy) Actin' like a clown
I said don't you let me down

No, no, no, no Oh, I don't know why
I'm actin' like a clown
I said don't you let me down ooh
