

Slade, In For A Penny

Do you remember the night in september
The two of us laid in the hay?
Do you remember the day in december
And how we got carried away?
If you're in for a penny, you got to be in for a pound,
Ooh ooh ooh
'Cos over and over you played me that old fashioned sound
Look around

Did you discover that ooh, Im a lover,
When we took a tumble or two?
Were you surprised when you tried me for size?
You'd bit off more than you could chew
If you're in for a penny, you got to be in for a pound
'Cos over and over you played me that old fashioned sound
So look around
Play the refrain, play it and play it and play it again

Do you remember the night I surrendered?
You wanted to paint me in oils
Ooh you were tender, well do you remember?
The sleepers could hear me for miles
If you're in for a penny, you got to be in for a pound,
Ooh ooh ooh
'Cos overover you played me that ol fashioned sound

So look around
Play the refrain, play it and play it and play it again
(gee, they got a band!)
