

# Slade, Me And The Boys

Me and the boys wanna dance and score  
There is a monkey suit across the door  
You ain't coming in now with your crazy crowd  
Oh no there ain't no jeans allowed

Yeh hey we're going on the town  
Me and the boys are gonna wear you down  
Yeh hey we're going on our way  
Me and the boys and we we're doing O.K.

Down at the Raj and we can all perspire  
The Vindaloo kid has got his jeans on fire  
Curry and lager are the spice of life  
Next day they're gonna give me strife

Yeh hey we're going on the town  
Me and the boys are gonna wear you down  
Yeh hey we're going on our way  
Me and the boys and we we're doing O.K.  
Me and the boys and we we're doing O.K. yeh

Me and the boys well we got no doubt  
You're never too old to be a gadabout  
Can't take em anywhere they cause a ruck  
Oh no they never will grow up

Yeh hey we're going on the town  
Me and the boys are gonna wear you down  
Yeh hey we're going on our way  
Me and the boys and we we're doing O.K.  
Me and the boys and we we're doing O.K.

There in your jeans you know have cost the earth  
You ain't coming in its more than my jobs worth  
Look at the kid now with his shirt tail out  
Oh no you wanna hear them shout

Yeh hey we're going on the town  
Me and the boys are gonna wear you down  
Yeh hey we're going on our way  
Me and the boys and we we're doing O.K.  
Me and the boys and we we're doing O.K.  
Me and the boys and we we're doing O.K.
