

Slade, My Friend Stan

My friend Stans got a funny old man, oh yeah, oh yeah
He makes him work all night til he cant do it right, oh yeah, aha
And from the way you blacked my eye,
I know that youre the reason why
And from the way you fix his tie,
I see you're getting to him, getting to him

My friend Jacks got an ache in his back, ooooooh , oh yeah
The doc said hed be fine, if hed just take his time, ohh oh, ooh
And from the way you blacked my eye,
I know that youre the reason why
And from the way you fix his tie,
I see you're getting to him, you been getting to him - kinky!
And from the way you blacked my eye,
I know that youre the reason why
And from the way you fix his tie,
I see you're getting to him, you been getting to him
My friend Pete says his body is weak, oh yeah, aha
He told me he cant sleep and his temperatures steep - oh yeah, woho
And from the way you blacked my eye,
I know that youre the reason why
And from the way you fix his tie,
I see you're getting to him, you been getting to him,
You been getting to him, you been getting to him, oh yeah
