

Slade, Sign Of The Times

Mondays

There's been some changes in my life.
A supersonic return flight.
It's a sign of the times.

Mondays

We've seen a man upon the moon.
The 21st century's coming soon.
It's a sign of the times.

Turn on the radio - turn up the VHF on your stereo.
Turn on the TV show - in multicolour 625 video.
These are the TV times.
These are the Radio Times.

Mondays

Beware Big Brother in '84
Test tube babes are being born
It's a sign of the times.

Lazy days

We leave the 70's far behind, for close encounters of every kind
It's a sign of the times.

Turn on the radio - (turn on your radio) turn up the VHF on your stereo.
Turn on the TV show - (turn onto stereo) in multicolour 625 video.
It's the computer age
Now its the silicon craze

Returning to base from a day out in space will be easy I know (returning returning)
And when all's said and done, halfway up to the sun will be all systems go
Say hello to the Mondays.....

Turn on the radio - (turn on your radio) turn up the VHF on your stereo.
Turn on the TV show - (turn onto stereo) in multicolour 625 video.
These are the TV times. (x-ray vision, video mind)
These are the Radio Times.

It's a sign of the times
It's a sign of the times
It's a sign of the times
It's a sign of the times

(x-ray vision, video mind)
(Freaky energee-ee-ee-ee)
