

# Slade, Wild Winds Are Blowing

Jennie, John and Sister Suzie  
Say that I've been bad  
Now I don't know what they're talkin' about  
But their daddy sure is mad

I can't understand it  
Why they're getting so uptight  
I don't think I'll stick around here  
I ain't lookin' for a fight

Chorus  
Wild winds are blowin'  
Rivers keep on flowin'  
So I'd better get going  
And try to leave it all behind  
Wild winds are blowin'  
Rivers keep on flowin'  
So I'd better get going yeh  
To get a little peace of mind

Her brother keeps on callin' 'round  
To see what I intend  
But I ain't never in when he calls  
It's sad to lose a friend

I bought myself a ticket  
But I don't wanna leave this town  
And there's a lot of people right here  
Who don't want me around

Chorus  
Wild winds are blowin'  
Rivers keep on flowin'  
So I'd better get going  
And try to leave it all behind  
Wild winds are blowin'  
Rivers keep on flowin'  
So I'd better get going yeh  
To get a little peace of mind

I heard her uncle Sammy  
He's a polishin' his gun  
I don't like the look on his face  
So I think I'd better run

I better get on a greyhound bus  
Before her folks arrive  
'Cause I am just a young man  
And I wanna stay alive

Chorus  
Wild winds are blowin'  
Rivers keep on flowin'  
So I'd better get going  
And try to leave it all behind  
Wild winds are blowin'  
Rivers keep on flowin'  
So I'd better get going yeh  
To get a little peace of mind

Repeat to fade  
Wild winds are blowin' yeh  
Wild winds are blowin' yeh  
Wild winds are blowin' yeh

Wild winds are blowin' yeh
