

# Slapshot, The Same Mistake

Tried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistake  
Tried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistake  
Everything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the end  
Everything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the end  
I don't know what to do  
Cause I can't get over you

Tried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistake  
Tried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistake  
Everything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the end  
Everything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the end  
I don't know what to do  
Cause I can't get over you

I don't know what to do  
Cause I can't get over you
