

Slaves On Dope, Leader Of Losers

Life, is what you make it
Don't, you try to fake it
Truth, is not the answer
The closer you get
They'll keep you guessing
Don't care if you're stressing
A box of nothing
Now go be great

Why is the attraction
Only worth a fraction
I've been getting fucked since
I picked up the mic
When will the illusion
Start to feed my family?!
A one way ticket
To minimum wage

You wanna be
What you wanna be
You're rocking...hardly
(Don't tell me)
You only see
What I let you see
I'm feeling, sorry (x2)

You try and try
And try to clarify
Objectify yourself (x2)

Don't tell me
How to live my life (x4)

You wanna be
What you wanna be
You're rocking...hardly
(Don't tell me)
You only see
What I let you see
I'm feeling, sorry

Don't tell me
How to live my life (x10)...
