

Sławek Uniatowski, What I've become

What I've become in my life I don't know
Deep in my heart I feel I'm losing all
All my mistakes, all the things I did right -
they only matter if someone holds you tight

What I've become in my life
It's not my place in the sun

All that I know I am still going strong
My life is much of a long winding road
All my mistakes, all the things I did right -
they only matter if someone holds you tight

What I've become in my life
It's not my place in the sun
What I've become in my life
It's not my place in the sun

What I've become in my life
It's not my place in the sun
In the sun, sun, sun
Sun, sun, sun
