Skills provide the shows, also fright the foes  
And when I step into a room, pimps hide they hoes  
&quot;Is that really him?&quot; &quot;Yes, that's his Highness  
and for the last time stop lookin at his fine ass&quot;  
(Y'know!) Homosexuals, smirk, converse and say  
&quot;That nigga box is WORKIN girlfriend!&quot;  
You wanna talk about a fat phrase carrier  
to billionaire white chick jump the race barrier?  
You know a nice girl, but I didn't want a bit of her  
Sayin, &quot;I like your slang what's with the wife, get rid of her&quot;  
Son, Sony talkin Japanese  
with mice like, &quot;Whattup Rick? You can have my cheese kid&quot;  
I am such a heavy hitter  
even chandalier jealous off the patch ice glitter (bling!)  
Rappers walkin round, strappin fearsome, HERE SON  
and remember your rap career's done

Runnin spots, pants leg tucked in my socks  
Puff and lay a spread, order drinks, Henn on the rocks  
Wintertime sport a fox, maybe a sable  
Three-quarter length mink sound right for this occasion  
Heard me John Blazin, see me in gangster flicks  
Life is so amazin, hate to be paperless  
Bill Gate in this, it must be God, I'm not a atheist  
Wanted like kingpins by ATF  
Your girl want my name on her chest  
Me and Rick argue about whose chain is the best  
Gucci boxers, my diet changed from sushi to pastas  
Wear my hat like the late Sinatra's  
Models pop the coochie when the spot us  
Finally rappers you could be proud of, from the Bronx  
to Queensbridge Houses WHAT? If you feel me then holla  
Thug niggaz, who bail be worth a million dollars, what
