

# Slightly Stoopid, Hands Of Time

you know them people be strugglin' every day  
you got to get up, get out and move your body line today  
say listen to me people said i've got to tell you something true  
and don't be falsified by what others want you to do  
it took forever just to chase you  
it took a second to replace you  
but i will not bother and disgrace you  
and send you to the judge and let him case you  
time has left you behind  
time wont let you be mine  
maintain me soul and me say maintain me mind  
time is the master and the master is time  
yes these are the hands of time  
yes these are the hands of time  
deciever \_\_\_\_\_ and this will leave her  
yes these are the hands of time  
yes these are the hands of time  
yes you will melt in this time  
time has left you you say so far behind  
yes these are the hands of time  
yes these are the hands of time  
yes these are the hands of time
