

# Slim Dusty, The Overlander Trail

We're on the Overlander, Overlander trail  
Where only sheer determination will prevail  
Men of hussy with a job to do  
So they'll stick and drive the cattle through

And 'though they sweat and curse  
They know they surely must  
Keep on the trail that winds ahead  
Through heat and dust

All sons of hussy and they will not fail  
They're on the Overlander, Overlander trail
