

# Slimm Iceberg, Never Gonna Know

## VERSE 1

You and me, you know we need to be on a level  
Cause we can't keep  
Just wandering round in circles going over what we said  
Yesterday, we were both in a rage  
And we need to calm down and talk about this like adults

## BREFRAINUS 1

You, say that we can work this out  
You say it's me that's in the wrong  
But I have known for far too long  
That things are never gonna change, babe

## CHORUS

Never gonna know if you don't tell me  
Whatever it is that you want from me  
Never gonna be who you want me to be  
Never gonna make up without 'sorry'  
Never gonna know if you don't tell me  
Whatever it is that'll make you happy  
Never gonna be who you want me to be  
This has gotta change or we just can't be

## VERSE 2

Never seem to listen to me,  
Always interrupting to get your own point through,  
Never care about anyone else but yourself  
And you keep going on, making no sense,  
Then wondering why I don't know what you want

## BREFRAINUS 2

I'm right - you're wrong,  
I don't - you do,  
I'm not trying to win cause I've got nothing left to lose  
I don't wanna leave but I don't know what else to do,  
And I can't face another day  
Loving you...

## CHORUS

## VERSE 3

I don't want to end this, you know I'm still in love with you  
We can't go on playing games,  
Passing blame back and forth,  
Is it always gonna be me that has to try to put things right  
Everytime we have a fight  
Don't you ever think that maybe you need to look at yourself,  
Then look at my argument and see I'm right
