

Slipknot, Dogfish Rising

There's a dog loose in the wood

Dogfish rising
It's good for gnawin'
Right wing interlude
In the 1990s

That's got a nice groove to it, here
Thank you

I saw human hand
Windmills like two
Something's at my left
Screaming through their muzzles
Postniff scrutchies?

Dogfish rising
Burn 'em for their nipples
Another rubber Rolex
So skinny, I knows
Rookie lurks

Battery-powered power tool
God spokes to me

Dogfish rising
Blistering cabbage

That dogfish is dead

Don't even bother taping, fuck this

Bring me this band
Crusty fuzzy nuts, bye
