Slipknot, Gematria (The Killing Name)

12/08/73

That was all I got and now you got me All I ever really wanted was to take the blame I will go down in history and not down in flames

Meningitis, I will survive this Dry Sockets and a Schizophrenic Crisis The Time of The Nine has begun Get out of the way or you will suffer as one

This is so typical, APOCALYPTICAL Hanging on abysmal release, Jesus I don't need this/Don't wanna be this Icon in the Making/My hands are fucking shaking

What if God doesn't care? What if God doesn't care?

Remember/Surrender
The Time is Now
Continue, we're in you
And we will burn your cities down

America is a killing name It doesn't feel or discriminate Life is just a killing field It's all that's left, nothing's real

Throw away your disposable past
And fall apart like cigarette ash
We are the fatal and vital ones of the world
And we will burn your cities down

What if God doesn't care? What if God doesn't care?

America is a killing name It doesn't feel or discriminate Life is just a killing field It's all that's left, nothing's real

Throw away your disposable past
And fall apart like cigarette ash
We are the fatal and vital ones of the world
And we will burn your cities down

Down...

We will burn your cities down We will burn your cities down We will burn your cities down

Feed the Hungry- Feed them shit Feed them BONES and POLITICS You wanna revolutionize? Be specific and believe your eyes

Start a war in another backyard And we'll destroy your house of cards Give me a minute and I'll change your mind Give me a bullet and I'll change your life

Remember/Surrender
The Time is Now

Continue, we're in you And we will burn your cities down

America is a killing name It doesn't feel or discriminate Life is just a killing field It's all that's left, nothing's real

Throw away your disposable past And fall apart like cigarette ash We are the fatal and vital ones of the world And we will burn your cities down

Down... Down... We will burn your cities down

Down...
Down...
We will burn your cities down

America... what if 'God' doesn't care? What if 'God' doesn't care?
