

# Slipknot, Liberate

Liberate... my madness!  
(One of me, all of you)  
Liberate... my madness!  
I just want to...  
Liberate... my madness!  
(One of me, all of you)  
Liberate... my madness!  
Section off myself,  
Put a wall up, what the hell have I done?  
Keep the dog at bay, survive by saving me!  
Values and the game,  
Not a fuck-up, not a part of your lie.  
I am one, I am all - I'm above and beyond!  
Back off of the shit,  
Stand off or I'll spit.  
So soft, you forget:  
Your garbage in is garbage out.  
You don't give a shit,  
I won't play the fit;  
Get off, get on this:  
Your garbage in is garbage out.  
(Liberate my madness)  
Liberate... my madness!  
(One of me, all of you)  
Liberate... my madness!  
I just want to...  
Liberate... my madness!  
(One of me, all of you)  
Liberate... my madness!  
I am not ashamed:  
What is vital, isn't always humane.  
You can break in vain,  
But you can't break away!  
Even in my face  
Lotta bullshit, not alotta the truth.  
I can't see from here,  
But I can smell your fear!  
Back off of the shit,  
Stand off or I'll spit.  
So soft, you forget:  
Your garbage in is garbage out.  
You don't give a shit,  
I won't play the fit,  
Get off, get on this,  
Your garbage in is garbage out.  
Saved - You're such a slave - I don't expect a name -  
You don't care - I wasn't witness -  
I can't be a part of a system such as this -  
Heard eyes - glow right - in my - darkness - again -  
With the sickness, renegade sisters, blisters  
Salivate, litigate, liberate, madness, sadness  
Fuck this - how long have I had this?  
I don't need this - outta my BUSINESS!  
Insert, engage, betrayed, my God - fraud  
FRaud!  
FRaud!  
FRaud  
Liberate... my madness!  
Liberate... my madness!  
I just want to...  
Liberate... my madness!  
Liberate... my madness!
