

# Slipknot, Requiem

We were ready for anything  
Everyone knows some pain,  
I see the loss every time someone says your name,  
When you know someone who shines hard  
A soul of the age who doesn't care  
who the fuck you are  
You had a friend, a brother who was everything  
But he had to go away....that was yesterday  
I've lost a lot of people in my time  
The good, the bad, the unreal,  
and the ones who shine  
So I know you all understand  
When I say that until they left  
We were ready for anything...but this  
(chorus)  
You are not gone  
We keep you here inside us  
You are not gone  
We know you're still beside us  
You are not gone  
We have this light you gave to us  
Mikey and Tumor verse:  
Now it's time to, lay to rest our friend  
And through these songs  
His memory will never fucking end  
We will see that  
Through this loss we'll shed some light on you  
Until the day you left us  
We were ready for anything...but this  
(chorus)  
Why'd you have to go? We never had a chance  
I can't believe it so I won't admit it  
Life ain't shit without you in it  
(chorus)  
Everybody says the light that shines the brightest  
burns out fast  
But what they never say is  
all the light they give us lasts  
We hold the memories and cherish  
everyday we had  
But we would give it up in a second  
just to have you  
Back!!
