

# Sloan, Anyone Who's Anyone

Things can happen if we stay...

I missed my chance  
But I think I'm gonna get another  
Assume a stance  
That'll take you this long to recover

Everyone has played a part  
We're all together now  
Everyone who's played a part  
Should stand and take a bow  
Anyone who's anyone  
Should be here today

Let's lose this crowd  
Anyone who's anyone's invited  
We were all loud  
Maybe on our own but as united  
We're insular  
Wherein cooler  
Things can happen if we stay

Everyone has played a part  
We're all together now  
Everyone who's played a part  
Should stand and take a bow  
Anyone who's anyone  
Should be here today

Anyone who's anyone  
Should be here today
