

Sloan, Anyone Who's Anyone

Things can happen if we stay...

I missed my chance
But I think I'm gonna get another
Assume a stance
That'll take you this long to recover

Everyone has played a part
We're all together now
Everyone who's played a part
Should stand and take a bow
Anyone who's anyone
Should be here today

Let's lose this crowd
Anyone who's anyone's invited
We were all loud
Maybe on our own but as united
We're insular
Wherein cooler
Things can happen if we stay

Everyone has played a part
We're all together now
Everyone who's played a part
Should stand and take a bow
Anyone who's anyone
Should be here today

Anyone who's anyone
Should be here today
