

Slowdive, 40 Days

Forty days and I miss you
I'm so high that I've lost my mind
It's the summer I'm thinking of
Forty days and I'm blown away

If I saw something good
I guess I wouldn't worry }
If I saw something new } chorus
If I saw something good }
I guess I wouldn't care }

You said you're always sleeping
But it's all I believe in
It's just that I'm always falling
And it makes me feel bad, yeah

-chorus-

Used to try and watch you
I'd centre on the way that you smile, I don't know
Used to try and watch you
I'd centre on the way that you smile, I don't know

-repeat-
