

# Slowdive, Melon Yellow

Sitting down i watch you fall away  
Sun in part i watched you for the day  
You know I don't believe in death  
For the sun i watched you for the sun  
Sitting here i watched you dance  
Looking for the sun i watched you dance

So long, so long  
It's just a way to [...love...] you  
So long, so long  
It's just a way to [...love...] you

I saw you looking at the sun  
I saw you looking at the sun
