

# Small Mechanics, Crushed by Sun

Every headlines are the same  
I guess you crushed my world  
You wanna cross the border live  
The all ... coming back  
Tell me Am I the man?  
The man

I think this is into the light  
You know how  
It doesn't matter what I try  
I lied  
Sometime I feel like paralyzed  
I think about my sense of time  
My world is crushed by Sun

Do you wanna see my world  
Do you wanna be on my side  
Do you wanna sleep in my world  
I'm Crushed by Sun  
I'm Crushed by Sun
