

# Smash Mouth, Always Gets Her Way

I know she likes her magazines  
And what they're wearing down in Hollywood  
I know she wants green tea ice cream  
And just for fun melting in the sun  
She likes her jokes as long as they're bad  
And I'll laugh anyway

CHORUS: But I'll never really know her  
She told me all I really need to know  
Is that she'll always get her way  
She knows that she will always get away with it  
She likes to take me out so I  
Can watch her dance with her girlfriends  
And the cool boys playin' pool stop and stare  
At the way she moves  
Dancin' queen is blarin'  
She likes to know that she will be driving me home  
Because I'm too slow

She likes her prime time T.V. shows  
With a secrete crush on David Letterman  
But she could never let her friends know  
She's pure punk rock at a ripe twenty seven  
I know these things  
I've seen the presets on her car stereo

CHORUS
