

Smash Mouth, She Turns Me On

we're on the move
the ride was rough but she was smooth
waiting in the wings just doing her
thing locomoting in the groove
number one have some fun that's the rule of the road
lois lane, mary jane we may never get home
arlene, annette, angelena
making a scene in a green karmen ghia
just kiss it goodbye on the fly
alibi leave her wondering why
yeah i through her away and i crave yesterday
now that she's gone
now that she's gone she turns me on
now that she is gone she turns me on
the style was wild like millionaires
my savoir-faire got everywhere
it was nothing but a thing if you were wondering
but now she isn't there
suzie q, peggy sue won't you tell me your name
betty lue make it two if you really got game
april and june got the word now
may got play in a la'i at the luau
marlena, tina and belinda
goodnight irene, jean and lucinda
jackie o did she know did she know
