

# Smashing Pumpkins, Autumn Nocturne

Rollin' with the breeze  
Do what you please  
I guess you'd say  
We'll take the whole day  
Skip out of school  
Run around and act like the fools that we are  
Ain't gonna do anyone any harm  
Train whistle at our backs  
Laid our pennies down the tracks  
Forget our cares  
I guess you'd say  
We'll take the whole day  
Go for a swim  
Dry off in the wind  
The sun's goin' down so we better get back  
It's too easy to stay  
So lazy, hazy, maybe crazy  
Rollin' with the breeze  
Do what you please  
So take it easy, yes, please  
Strollin' with the leaves
