

# Smilez And Southstar, Who Wants This

Shake (Uh-huh) shake (Uh-huh)  
Shake, shake, shake (Woo) shake, shake

(Chorus x4 with various ad-libs)  
Who wants this  
Who wants this  
Who wants this  
Really, really wants this

[Smilez]  
Yo, yo girls I get em' now  
Flows I spit em' now  
Haters, I sit em' down  
With the mack or the pound  
Understand dog, I'm tryin' to get it all  
I'm a pro at this, y'all just arena ball  
Who wanna mess with me  
Who wanna rock and roll and get it on with the black Elvis Presley  
Keep that beat on new, you soon old news  
Dude can freestyle but he can't recoop  
What's the sense in that, a million off this track  
We big dogs in rap, y'all just aristocats  
Name ya price man  
If I spit long enough at a white man he'll turn dark-skinned  
That's how hot I get, so next time I spit  
You'll wrap it up like you was Islamic  
And get on all fours, listen up y'all  
I only got one question, it's the chorus

[Chorus x4 with various ad-libs]

[Southstar]  
Now watch how I do this  
Crowd, I'ma move it  
Teacher, I'm a school kid  
Careers, I'ma ruin, rhymes so fluid  
Tracks I abuse it  
Right about now yo brain, you gon' lose it  
Southstar is the name  
With infrared aim  
Fog up windows cause all I speak is flame  
While y'all be playin'  
I'ma change the game  
Huh, faster than y'all can change lanes (WOO!)  
Stay spittin' chrome  
Stay splittin' domes  
Take wives cause I'ma stay splittin' homes  
Always gettin' hoes  
Rap professional  
Top vote getter, rap intro  
Who better than I  
Who want it with I  
Only thing that I haven't done yet is die  
Prepare for the song, remember you been warned  
I destroy more blocks than atomic bombs

[Chorus x4 with various ad-libs]

[Bridge]  
Here we go in the back again cause players gon' ball tonight  
It's just Smilez and one Southstar, sho' nuff gon' get ya right  
If ya wanna come test me now, be prepared for a hella fight  
And if ya hurt or ya come too late cause y'all scared some  
And y'all ain't ready, see y'all ain't ready

[Southstar]

See we about to get paid  
Wait till the song's played  
Track so hot that you'll have it on ya two-way  
Fuck what they all say, you gon' be like "no way"  
You gon' like us so much you gon' turn gay

[Smilez]

Yeah and I'm about cake  
If you not then skate  
Ya man flow like water, throw him in a lake  
My rhymes cigarettes, I want more beverages  
You miscarriagin' girl if you listenin'

[Southstar]

Ha ha, leave ya wife stuck  
Fuck ya life up  
Is it really my fault that ya rhymes suck  
Need I remind you no one gonna sign you  
Hope you know Braille cause I'm about to blind you

[Smilez]

Yeah, so get ya man okay  
Before I get out weight  
And make his whole damn body do the Harlem Shake  
You don't want it with us, you don't want it with me  
Smilez and Southstar fish out MC's  
You don't want it with us, you don't want it with me  
Southstar and Smilez, here for a while

[Chorus x4 with various ad-libs]
