

# Smilin Liar, Thick

I want to be your no one  
Yes, when your day is done  
You've got a loaded handgun  
Here we go again  
I want to be your no none

First you say I'm crazy  
Then you say you need me  
It happened way to fast  
I dont need you

I hope you know you're killin me  
Yes with the things you say  
I've got some decency  
Why wont you believe me  
I hope you know you're killin me

I dont need you.
