

Smokie Norful, Can't Nobody

Can't nobody do me like Jesus
Can't nobody ever come and take His place
Can't nobody do me like Jesus
Nothing ever stays the same
Everything changes
Every time I call His name
Lord I wonder who would cover me
When I found myself standing all alone
The ones I trusted they didn't love me
Cause when I looked around
My family and friends were gone
Mama told me where my help comes from
And when things get rough
I know just where to go
There's a peace that I just can't explain
For those who don't know
It ain't nothing but the Holy Ghost
