

# Smoosh, It's Not Your Day To Shine

Pull me down  
Throw me down on the ground  
Hey, leave me behind  
I'll be fine

Hey, cause it's not your day to shine  
Did someone else take your pride?  
That you left behind

You're standing guardedly, yeah  
It's over, it's done for  
It's nothing anymore

Chorus

You're standing guardedly, yeah  
It's over, it's done for,  
It's nothing anymore

Chorus
