

# Sneaker Pimps, Diving

Cut the cord and swing the lead  
Failures fate the one instead  
The tidemark's rising

Blossom falls and clouds the air  
Powder trails the one in care  
The tidemark's rising

Leaving you became arriving  
Falling down became diving

Leaving you became arriving  
Falling down became diving

Flowers bloom and take the sun  
Chances left when all is done  
The tidemark's rising

River swells and breaks its banks  
Acting up instead of thanks  
The tidemark's rising

Leaving you became arriving  
Falling down became diving

Leaving you became arriving  
Falling down became diving

Flooding cares to keep hope clear  
Drowning all to keep what's dear  
The tidemark's rising

Keeping undercounts as act  
Lying hard to prove a fact  
The tidemark's rising

Leaving you became arriving  
Falling down became diving

Leaving you became arriving  
Falling down became diving
