

Snitch, Pet Cemetery

she was the only one i had
she understood when i felt sad
she had brown hair and loved the sun
she had a dad who thought i'm wrong

but today he hit my dog
so my daddy took a frog
and threw it in his face

today when i came home from school
my mom was in the bed but not alone
there was this stupid ugly guy
who hit my dog 1,2,3 times

but today he killed my cat
so i took the cadillac
and roll over his face
