

# Snow Patrol, Headlights On Dark Roads

For once I want to be the car crash  
Not always just the traffic jam  
Hit me hard enough to wake me  
And lead me wild to your dark roads

Oo  
Oo  
Oo  
Oo

## CHORUS

Headlights before me  
So beautiful, so clear  
Reach out and take it  
'Cause I'm so tired of all this fear

My tongue is lost, oh, I can't tell you  
Please just see it in my eyes  
I pull up thorns from our ripped bodies  
And let the blood fall in my mouth

Oo  
Oo  
Oo  
Oo
