

# So They Say, Wake Me Up

I feel like I'm at the top of my game.  
Karma just snitched and I got the blame.  
I lost control of my arms and legs.  
You may have the candle but I have the flame.

I never used to feel so sick and tired.  
I remember when we used to stay high for hours.

One minute it's here, and then it's gone.

Will somebody wake up?  
Will somebody wake up, will somebody wake me up?  
Will someone please wake me up?  
Will somebody wake up, will somebody wake me up?

Monkey see, monkey do, now you're all alone.  
Were killing ourselves in vain and moving slow.  
So stop me if I sound too predictable.  
Misery's a mask that's worn by most.

I never used to feel so sick and tired.  
I remember when we used to stay high for hours.

One minute it's here, and then it's gone.

Will somebody wake up?  
Will somebody wake up, will somebody wake me up?  
Will someone please wake me up?  
Will somebody wake up, will somebody wake me up?

I feel my eyes get heavy.  
I think they've turned to stone.  
Can't I just keep them closed, can't I just keep them closed.

I've read this book a thousand times to you.  
I've heard a million lullabies but this ones true, it's true.  
A chemical reaction, that I call passion is a prison built for two.

Will somebody wake up?  
Will somebody wake up, will somebody wake me up?  
Will someone please wake me up?  
Will somebody wake up, will somebody wake me up?
