

# Soave, Crying Over You

SOAVE

&quot;Crying Over You&quot;

As I sat by my window just thinking of you  
The pain and deception which broke my heart in two  
But now that I see that your not loving me  
Oh baby can't see, just what you do to me

Chorus:

Crying over you, is all I can do  
When your loving someone knew, I'm crying over you  
You led me to believe that all your love was true  
But now your seeing someone new and i'm crying over you

Crying over you, thats why I'm crying over you  
Repeat (2x)

Those tears on my pillow are all because of you  
But now the time has come to find somebody new  
I'm looking for someone to wipe away the tears  
Someone to love me when your not here

Crying over you, thats why I'm crying over you  
Repeat (2x)

Chorus

I gave you all my love  
I gave you what was mine  
But now I realize  
You weren't worth my time
