Soccx, Sream Out Loud

Go left, now right

Need you to switch my light

I'll lick I'll bite

Come step to me tonight

Verse

Next time you go into party

Make sure you do it the right way

Get fly proper attire

A good time is all that we want

X-rated thoughts on your mind now

Nice girls are left in the background

Here's how you get down, get crazy

Hey boy, can you follow me now

Prechorus

Stand up and shout out loud

Say that you're ready now

Hold on and don't you stop

Keep ya head up now just let the rhythm move ya

Stand up and shout out loud

Say that you're ready now

Hold on and don't you stop

Keep ya head up, KEEP YA HEAD UP!!

Chorus

Oh oh Oooooh

Throw em up and scream out loud

Oh oh Oooooh

Do ya thing and show em how

Oh oh Oooooh

To keep it up and knock em down

Oh oh Öooooh

Throw em up and scream out loud

Verse

See how I'm moving my body

Won't you come here and join me

Leave your drink at the bar now

And come show how you get down

No time for sitting and waiting

cheap talk is left for the lonely

Cause we came here to party

Here's how we do it our way

Prechorus

Stand up and shout out loud

Say that you're ready now

Hold on and don't you stop

Keep ya head up now just let the rhythm move ya

Stand up and shout out loud

Say that you're ready now

Hold on and don't you stop

Keep ya head up, KEEP YA HEAD UP!!

Chorus

Oh oh Oooooh

Throw em up and scream out loud

Oh oh Oooooh

Do ya thing and show em how

Oh oh Oooooh

To keep it up and knock em down
